

Inflation Targeting and Its Discontents
Introduction to a Special Issue of the
International Journal of Central Banking

This volume of the *International Journal of Central Banking* includes the proceedings from the conference titled “Inflation Targeting and Its Discontents,” hosted by the Narodowy Bank Polski (National Bank of Poland) on September 6–7, 2013. In addition to the papers and discussions, this issue contains the prepared remarks given at the conference by Marek Belka (President, Narodowy Bank Polski). The conference was organized by Pierpaolo Benigno, Mick Devereux, and John Williams.
